#### COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Mail Stop Issue Fee  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, Virginia 22313-1450

Sir:

The Examiner has made some broad conclusory statements in the Statement of Reasons for Allowance, which may be viewed as an oversimplification of the examination issues, and if taken out of context, could give rise to an improper interpretation of the claims as well as the file history. For these reasons, Applicant provides the following comments to vouch the record and to ensure proper interpretation of the claims and history.

First, while Applicant agrees with the Examiner that the stated reasons for allowance of claims are indeed proper grounds for allowance of these claims, there are other additional reasons why these claims are allowable over the prior art of record, and Applicant does not admit that the stated reasons for allowance are the only reasons for allowance.

Second, in accordance with 35 U.S.C. Section 282: "Each claim of a patent (whether in independent, dependent, or multiple dependent form) shall be presumed valid independently of the validity of other claims; dependent or multiple dependent claims shall be presumed valid even though dependent upon an invalid claim." Thus, the dependent claims that were not

addressed by the Examiner in the reasons for allowance should not rise or fall, when construed in terms of validity, with their respective independent claims, but instead should be construed independently of their respective independent claims.

Third, the scope and validity of each claim (whether in independent, dependent, or multiple dependent form) should be determined based upon the entire combination of elements/features/steps in each claim, as opposed to only the particular feature or features pointed out by the Examiner.

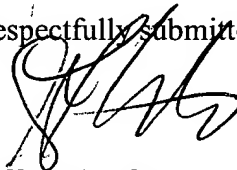

Finally, in the Notice of Allowability, the Examiner noted that the allowed claims are 1-14 and that these claims were formerly claims 13-26. In the discussion regarding the "Examiner's Reasons for Indicating Allowable Subject Matter" beginning on page 2, the Examiner discusses independent claim 1, which was formerly claim 13. The Examiner further discusses independent claim 19 and independent claim 20. Applicant respectfully notes that the independent claim 19 referenced by the Examiner is now independent claim 7, and that independent claim 20 referenced by the Examiner is now independent claim 8.

If, in the opinion of the Examiner, a telephonic conference would expedite the examination of this matter, the Examiner is invited to call the undersigned agent at (770) 933-9500.
